I agree we should meet. Agreement by you/Mat on the content/approach of the letter seems to be the next critical path step.

Let me know what I can do to support. I did redraft a "private wells" focused letter the end of last week (attached), but you & Mat may want to tailor even more to the conversations. I think Mat would be a good one to take the next cut drafting if he is willing. That seems to be the next decision.
